

WAGNER Fork Oil SAE 20

Made of high-quality refined mineral oil for telescopic forks of classic and modern motorcycles.

Applications

Especially recommended for telescopic forks of classic motorcycles, such as:

- Ardie
- DKW
- Dürkopp
- Horex
- Maico
- NS
- Tornax
- AJS
- BSA
- Norto
- BMW R12
- BMW R5 - R6

and, of course, many other historic and modern motorcycles.

How It Works

Thanks to special additives, sealing materials of classic motorcycles are not damaged.

In addition, WAGNER fork oil SAE 20 is characterized by very good detergent properties. Water, dirt and abrasion can be absorbed, emulsified and kept in suspension thanks to the detergent effect.

Advantages

- high aging resistance
- high corrosion protection
- constant viscosity at high temperature differences (multi-range characteristic)
- sealing materials of classic motorcycles are not damaged
- very good detergent properties

Technical Data WAGNER Fork Oil SAE 20

Property	Test method	Test result	Unit
Density 15 °C	DIN EN ISO 12185	0.862	g/cm ³
Kin. viscosity @ 40 °C	DIN 51562-1	44.2	mm ² /s
Kin. viscosity @ 100 °C	DIN 51562-1	8.1	mm ² /s
Viscosity index	DIN ISO 2909	150	
Flash point COC	DIN ISO 2592	220	°C
Pour point	DIN ISO 3016	-39	°C
FZG test A8,3/90	DIN ISO 14635-1		SLS:12
Shear stability (loss 20h KRL)	DIN 51350-6	<20	%

WAGNER Fork Oil SAE 20

Application & Dosing

Year-round use.

Packaging

Available Container	Content	Item No.
Plastic canister	500 ml	050500
Plastic canister	1 l	050001

The information of this datasheet is made to the best of our knowledge and advises only a technically certified user on possible applications. WAGNER Spezialschmierstoffe is not liable for any property damage incurred as a result of improper use, mishandling, and or any use outside the prescribed method of use, purpose, or application. Any and all warranty and or damage claims will be subject to investigation on the use, method of application, and intent of application of the used product.
